

Hola a todos!

I'm very excited to be joining the New York alumni board. During my time in Barcelona, I had the opportunity to meet some amazing people at ESADE and my experience in New York has been no different. I have met some wonderful people in New York and attended insightful events through our alumni chapter. In this role, I hope to improve engagement between our 400+ members in the New York area and make this a fun experience for everybody.

I graduated from the MBA program in 2016. Since graduation, I have been working at Street Solutions Inc., a wall street based technology firm that delivers solutions for the secondary mortgage market. At Street Solutions, I oversee the product management and professional services teams. I am responsible for bringing to market new products and implementing the technology platform for new clients. Prior to my time at ESADE, I spent eight years at Street Solutions.

I look forward to working with all of you and hope to contribute to an already excellent alumni board in New York.

-Pradeep
