

Hi everyone!

My name is Silvia Manent and I have just recently moved from Zurich, Switzerland to Boston! I am very happy to be back living here where my family is and excited about contributing as Social Chair of the ESADE Chapter founded by our dear friend Thiago Oliveira. I graduated in 2015 from the BBA, MSc in Finance and CEMS Master in International Management (yes, I am a bit obsessed with ESADE) and worked for Credit Suisse in Switzerland up until December 2016.

Currently, I have just started working as a Financial Advisor Associate at Morgan Stanley and will be working out of their Boston office right in the financial district (if anyone is working near me we need to grab lunch or go for some summer runs!)

I am very much looking forward to work with our President Laura Martinez and excited about our first get together in August! Please stay in touch and let us know how we can make this chapter even better! ☺

Best,
Silvia
