 2. The entrepreneur will receive confirmation if the presented project is accepted by ESADE BAN. In this case, the project will be available online for all ESADE BAN investors to see.
 3. An ESADE BAN committee of experts will then evaluate the projects submitted and select those to be formally presented at the investment forums.
 4. If you have any doubts during the registration process, feel free to contact us at: entrepreneurship@alumni.esade.edu
4. The projects must seek over €100,000 in financing.

6. The total number of projects presented at the Investment Forum is limited. As such, the presentation of an accepted project (while visible on the ESADE BAN online platform) may be postponed until another edition of the Investment Forum.

9. **Should an investment deal be closed with ESADE BAN investors, the project entrepreneur must pay a 3% commission on the amount of the investment made by the network investors in his/her company.** The amount of this commission shall be paid within 30 days as of the formal commitment to invest (deed declaring the expansion of capital, loan or other means of financing).

¹ ESADE BAN investors are the physical or legal persons included in the registry of investors called ESADE BAN and administered by the ESADE Alumni Association.

In all cases in which an ESADE BAN investor invests in a project presented at ESADE BAN (projects are considered presented the moment they are included in the online platform), it shall be duly considered that the investor has learnt about the project through ESADE BAN and that the corresponding commission described above shall apply regardless of any other links existing between the entrepreneur and the ESADE BAN investor.

This 3% commission shall be applied to the amount invested by ESADE BAN investors in all the company's successive financing rounds and in which ESADE BAN participates. This shall be applicable for a period of 2 years as of the date the project is presented to ESADE BAN.

In all cases, regardless of whether or not the entrepreneur receives financing through ESADE BAN's mediation, the entrepreneur is committed to providing information about any future financing rounds and the results obtained. This information is of academic interest for the research carried out by ESADE and may be published.

Should the entrepreneur maintain conversations or be negotiating with ESADE BAN investors prior to his/her project's presentation to the network, the entrepreneur must expressly declare this fact in writing when subscribing to this document.

- Publish the data included in the online platform, whether wholly or in part, via any communications media which ESADE BAN so chooses (press, newsletters, websites, publications, etc.) and
- Actively collaborate in public relations and press events if requested.

13. Participating in and attending this Investment Forum implies that these conditions have been accepted in full. Any additional information to help contact entrepreneurs and investors shall be greatly appreciated.
