CHARITY RUN

The ESADE Alumni - BMW Motor Munich Charity Run is an event open to ESADE Alumni members, family, friends and guests. It is designed to be enjoyed by friends and family, where everyone can run at their own pace, whether if it's to get a good time or simply to run with friends.

This is a charity run at the Guinardera Athletics Facilities in Sant Cugat, on a 2.5 km course with a mixed surface (tarmac, trail and tartan) with start and finish at the athletics track. The course is varied and technical.

Participants can choose to run the 5 km or 10 km race.

A Refreshment point will be available at the half way stage so that the participants can regain their strength. At the end of the race, a picnic will be served, courtesy of RODILLA, Damm and Coca Cola, in the same sports facilities. A moment to share the experiences of the race with other colleagues.

In addition, a charity draw in favour of a Charitable Foundation will be held, among all the participants of the Sports Program, during the course of the day.

There will be prizes for all participants!

COST

Adult: **€15**

Adult Charity: **€25** (including donation)

Kids' Charity Run: **€5** (100% for charity)

CHARITABLE CAUSE

The ESADE Community has organised a series of activities to support breast cancer research, and more specifically, to contribute to funding research that is being carried out at the Vall d'Hebron Hospital.

Breast cancer is the most common form of cancer amongst women, with the second highest mortality rate after lung cancer. However, thanks to the research, survival rates increase every year.

**Thanks for your support!
Together, we will achieve it!**

#ESADEgoesPink

If you cannot participate in the Charity Run or you're left without a place, we hope to have the opportunity to count with your presence in the other Esade Alumni - BMW Motor Munich Sports Program activities.
